Monday	
Phonics	Today in Phonics we are learning the sound 'f'. In school we use the Jolly Phonics songs to help us remember the sounds. Click the link to listen to the song. https://www.youtube.com/watch?v=aV3R1xnDjuk Click the link below to listen to a Phonic lesson. https://www.youtube.com/watch?v=yVtuVItok04 Encourage your child to practise writing the letter f.
Maths	Sing the nursery rhyme '1, 2, 3, 4, 5, Once I Caught a Fish Alive'. Today you will need a puppet, and a basket of 3 and 5 objects these can be pencils etc. If you do not have a puppet use a sock over your hand. Introduce the puppet to your child as the counting puppet. First, get the box of 3 items. Explain to your child the puppet is going to help us count these items, count each object one at a time. – Now, get the puppet to say the wrong answer 'There are for 4 objects!' Get your child to check this answer by counting the objects. Help your child begin to articulate, in their own way, that the last number they say tells us how many things there are altogether. Repeat this activity with the box of 5 items.

Literacy	Explain to your child that we are going to bake a cake but we need to find out the ingredients so we can buy them. What does ingredients mean? What ingredients do you think go into a cake? Using the attached worksheet can you match the pictures to the correct word?

Tuesday	
Phonics	Today in Phonics we are learning the sound 'b'. In school we use the Jolly Phonics songs to help us remember the sounds. Click the link to listen to the song. https://www.youtube.com/watch?v=olKTaqbfo9Y Click the link below to listen to a Phonic lesson. https://www.youtube.com/watch?v=qoST9JY65Vo Encourage your child to practise writing the letter b.
Maths	Explain to your child the counting friend is back today he has been practising counting and wants to show us! Shall we see if they're getting a bit better at it? Do you remember what they got muddled with yesterday? I wonder what they've brought in their basket today… Adult to have a box of different amount of objects. Ensure the puppet touches each object but does NOT coordinate the counting words. This will mean that each object is counted several times and the puppet arrives at a bigger number for their answer. Discuss with the children what they think of the puppet's counting. What did they get right this time? Was there anything they got wrong? Explain to your child what we should do is touch each items and say 1 number name at a time.
Literacy	Using the attached worksheet can you tick off the ingredients you have at home? Now can you bake a simple cake together?

Wednesday	
Phonics	Today in Phonics we are learning the sound 's'. In school we use the Jolly Phonics songs to help us remember the sounds. Click the link to listen to the song. https://www.youtube.com/watch?v=GIUZiyeHems Click the link below to listen to a Phonic lesson. https://www.youtube.com/watch?v=nlqMDXWEtXs Encourage your child to practise writing the letter s.
Maths	For today's session you will need a counting puppet, a drum and a stick. Alternatively use a saucepan and a spoon. Ask the puppet if we can count the sounds the drum makes.

	Discuss this idea with your child. Is it possible to count things we can't see or touch? Let's try it! Close your eyes and listen to the drum beats. Beat the drum steadily so that the children can coordinate the number words with the sound. After finishing, ask your child: How many beats did you hear? How did you manage to keep track? Did you use your fingers or count in your head? Tell the puppet that we CAN count sounds! Repeat this activity a couple of times.
Literacy	Discuss the cake made yesterday with your child. What did it taste, smell and feel like?

Thursday	
Phonics	Today in Phonics we are learning the sound 'a'. In school we use the Jolly Phonics songs to help us remember the sounds. Click the link to listen to the song. https://www.youtube.com/watch?v=9Bugp3r06zA Click the link below to listen to a Phonic lesson. https://www.youtube.com/watch?v=A-2SNtGeodQ Encourage your child to practise writing the letter a.
Maths	Recap what we have told the puppet so far about counting – i.e. that the last number we say when we count tells us how many things there are altogether and that moving objects is a good way to count carefully. What if the things we are counting are really big and we can't move them? What if we wanted to count how many doors/play trays/big chairs there are in the house or outside? Model the puppet counting some larger items in the environment. Explain to the children that because the puppet can't reach very far, you are going to give the puppet a 'counting wand' to help them touch the objects and check that they only say 1 number word for each object they count. (This can just be a lollipop stick or a simple stick) Give your child the puppet's counting wand and ask them to count some other large objects in your home.
Literacy	Ask your child if they have seen anyone wearing poppies. Do you know why people are wearing poppies? Show the CBeebies video: https://www.bbc.co.uk/programmes/b04p4zsl Colour in the poppy sheet attached.

Friday	
Phonics	Write sounds f, b, s and a on a piece of paper. Show your child each sound and encourage them to say the sound and action.

	Using the attached worksheet, can you practise segmenting and blending CVC words with your child?
Maths	Listen to the song Counting 1 to 5 | Number Songs | PINKFONG Songs for Children - YouTube Now, can you play a game with your child? Learn to Count up to 10 with Underwater Counting Maths Game (topmarks.co.uk)
Literacy	Discuss the cake made with your child from Tuesday. Ask your child if they remember the steps to make the cake. What did you do first, second etc.
